RAN Collection practice template

Name of the practice Please note that by practice we mean an activity/method/tool that has been used or is in use by professionals and/or community members.	**BanHate-App**
Description (max. 300 words) Short description of the aim and working method of the practice. Please note that in this description, it must be clear that <u>there is an explicit connection to preventing and/or countering radicalisation and/or violent extremism</u>. This means that in the aims and/or the activities/methods/tools of the practice, there is a link to preventing and countering radicalisation and/or violent extremism. Practices without this link cannot be included in the RAN Collection.	The Anti-Discrimination Office Styria developed 2017 the first mobile application against hate postings and hate crimes, BanHate-App. Via the BanHate app, online hate postings from the entire German-speaking area as well as offline hate crimes can be anonymously reported to the Anti-Discrimination Office Styria for initial legal assessment, documentation and prosecution. Therefore, it is necessary to inform exactly about the crime, the crime scene/the social media platform and prove it with footage or screenshots. The report will be checked by the team of the Anti-Discrimination Office Styria and pass it on the responsible authority. In addition, the app will show the progress all the time, so that it is possible to be informed about what is happening. https://www.banhate.com/
