The project started in 2017 very small within the local police station, then we got reports from the whole state of Baden-Württemberg. So we started cooperating with the state criminal office and the state public prosecutor of Baden-Württemberg.

We received the evaluation of the criminal office that 91 % of our legal proceedings in 2021 were correct and successful.

Since February 2022 we are in a direct cooperation with the federal criminal office and getting reports from all states in Germany. There our reports are being evaluated monthly with a success rate of 89 %.
