

DG HOME – Study on strengthening EU-funded security research and innovation

CERIS Event | Foresight and Key Enabling Technologies

Tuesday, 5 March 2024

“20 years of EU-Funded Civil Security Research and Innovation”

Objectives of the Study

- ◀◀ **Looking back:** Develop a better understanding of the impact and added-value (i.e., knowledge generation, value creation and market uptake) of the research and innovation investments made within the civil security context in the past 20 years.
- ▶▶ **Looking forward:** Identify actions to ensure Europe becomes increasingly autonomous and security gaps that need to be mitigated.

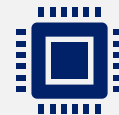

The **societal implications** and benefits

The **economic impact** within a global environment

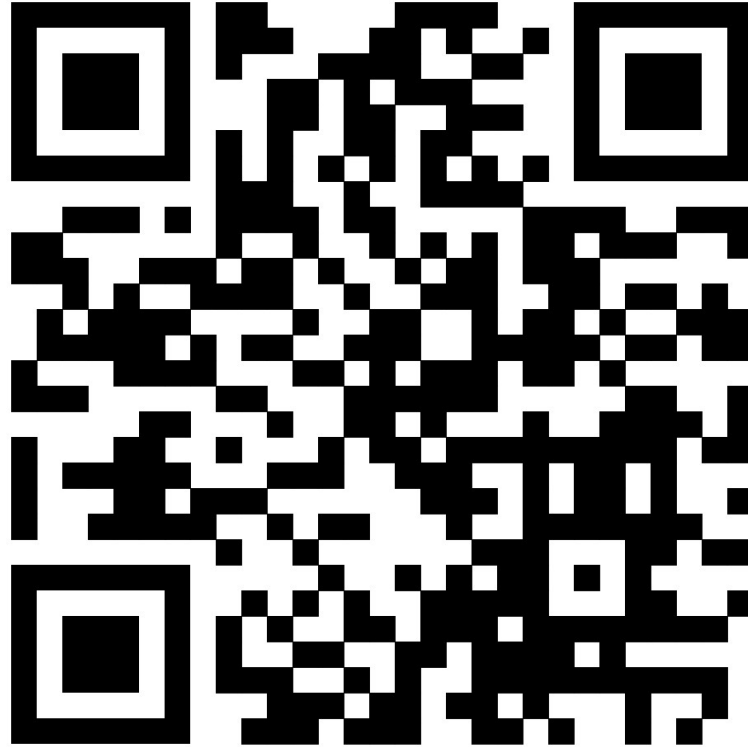

The **impact on the EU policy landscape**

The **impact on the development and deployment** of cutting-edge technologies
