⁽²⁾ Commission Implementing Decision of 13.5.2024 amending Commission Implementing Decision C(2023) 8993 final on the financing of the components of the Thematic Facility under the Integrated Border Management Fund, the Instrument for Financial Support for Border Management and Visa Policy, and adoption of the work programme for the years 2023, 2024 and 2025 (C(2024)2967 final).

implementation of Regulation (EU) 2024/1356 of the European Parliament and of the Council of 14 May 2024 ⁽³⁾ and of Regulation (EU) 2024/1358 of the European Parliament and of the Council of 14 May 2024 ⁽⁴⁾. Pursuant to the revised legislative financial statement detailing the estimated financial impact, the additional funding needs should be covered by reducing the amount available in the Thematic Facility under the Instrument. An amount of EUR 10 494 000,00 for the implementation of Regulation (EU) 2024/1356 and of EUR 8 211 000,00 for the implementation of Regulation (EU) 2024/1358, for a total amount of EUR 18 705 000,00, should therefore be made available to eu-LISA in the year 2024. It has been decided to reduce the allocation to the specific actions under shared management accordingly.

- (4) The Agreements between the Union and the Schengen Associated Countries on supplementary rules in relation to their participation in the Instrument for the period 2021-2027 ⁽⁵⁾ define their financial contribution to the Instrument. Following the entry into force of the Agreements between the Union and Iceland on 1 May 2024, Liechtenstein on 1 May 2024, Norway on 1 June 2024 and Switzerland on 1 August 2024, an amount of EUR 52 627 737,39 will become available to the Thematic Facility from their annual payments for the years 2023 and 2024. It has been decided to earmark this amount to the allocation to the specific actions under shared management, to compensate the transfers to eu-LISA for the additional funding needs resulting from the Pact for Asylum and Migration.
- (5) The line 11 02 01 of the general budget of the Union encompasses two envelopes, one with the annual appropriations for the Member States' programmes and one with the annual appropriations for the Thematic Facility, pursuant to Article 7(3) of Regulation (EU) 2021/1148 of the European Parliament and of the Council of 7 July 2021 ⁽⁶⁾. programmes, an amount of EUR 5 813 906,00 is currently reserved for the national programme of Iceland and an amount of EUR 14 226 725,00 for the national programme of Norway. After the entry into force of their Agreements with the Union on supplementary rules in relation to their participation in the Instrument for the period 2021-2027, the formal process of negotiation and programme approval started. The detailed timeline established for the preparatory activities of the Commission decisions approving these programmes shows, however, that their adoption would occur later than originally planned, in the first quarter of 2025, and requires reprogramming their annual appropriations. For that purpose, it has been decided to transfer the amount of EUR 20 040 631,00 to the envelope for the Thematic Facility in the year 2024, and assign it to the specific actions under shared management. An equal and corresponding transfer from the allocation to the specific actions under shared management to the envelope for the Member States' programmes in the year 2025 will be made via a subsequent amendment to the Thematic Facility work programme, so that the total allocation for Norway and Iceland, and the total annual profile under the line 11 02 01 of the general budget of the Union, is not changed.

- (6) An amount of EUR 8 590 325,31 planned for potential emergency assistance under shared management in the year 2024 is being redeployed to grants. This aims to ensure the availability of resources to address quickly and effectively the identified needs for duly justified emergency situations.
- (7) The present non-substantial amendment enacts these changes. They increase by EUR 53 963 368,39 the maximum Union contribution for the implementation of the work programme in the year 2024, bringing the total Union contribution for the implementation of the work programme to EUR 1 190 730 699,39. The allocation to grants is increased to EUR 90 554 735,31 and the allocation to shared management is increased to EUR 1 070 955 964,08.
- (8) Decision C(2022) 8993 final should be amended accordingly.
- (9) Article 5 of Decision C(2022) 8993 final provides that “Cumulated changes to the allocations to actions not exceeding 10% of the maximum Union contribution set in the first paragraph of Article 3 of this Decision shall not be considered to be substantial for the purposes of Article 110(5) of Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council⁽⁷⁾, where those changes do not significantly affect the nature of the actions and the objective of the work programme. The increase of the maximum Union contribution set in the first paragraph of Article 2 of this Decision shall not exceed 20%. The authorising officer responsible may apply the changes referred to in the first paragraph. Those changes shall be applied in accordance with the principles of sound financial management and proportionality.”

- (7) Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012 (OJ L 193, 30.7.2018, p. 1), as amended by Regulation (EU, Euratom) 2022/2434 of the European Parliament and of the Council of 6 December 2022 (OJ L 319, 13.12.2022, p. 1).

- (10) The proposed cumulated changes to the allocations to actions do not exceed 10% of the maximum Union contribution, as amended, and the increase of the initial maximum Union contribution does not exceed 20% either. These changes, not significantly affecting the nature of those actions and the objective of the work programme, are considered non-substantial.

I HEREBY DECIDE THE FOLLOWING:

Article 1

Decision C(2022) 8993 final is amended as follows:

- (1) Article 3 is replaced by the following:

On the basis of the objectives given in the Regulation (EU) No 2021/1148 of the European Parliament and of the Council¹, this work programme contains the actions to be financed and the budget breakdown for 2023, 2024 and 2025 as follows:

- for actions implemented under shared management (point 5),
- for other actions or expenditure (point 6).

Financial assistance to be provided in the event of an emergency situation² is described in points 2.6 and 4.2.

Legal basis

Regulation (EU) 2021/1148 of the European Parliament and of the Council establishing, as part of the Integrated Border Management Fund, the Instrument for Financial Support for Border Management and Visa Policy (hereafter the ‘BMVI Regulation’)

All Member States, with the exception of Ireland, and Schengen associated countries³, are participating in the Instrument for Financial Support for Border Management and Visa Policy (BMVI): hence entities established in these participating countries can take part as beneficiaries in the actions that are supported under this work programme. Entities established in Ireland can only participate on a no-cost basis.

All actions funded under this work programme, including those carried out in third countries, should be implemented in full compliance with the rights and principles enshrined in the Union *acquis*, and the Charter of Fundamental Rights of the European Union, and should be in line with the international obligations of the Union and the Member States arising from the international instruments to which they are part, in particular by ensuring compliance with the principles of non-discrimination and *non-refoulement*.

¹ Regulation (EU) 2021/1148 of the European Parliament and of the Council of 7 July 2021 establishing, as part of the Integrated Border Management Fund, the Instrument for Financial Support for Border Management and Visa Policy (OJ L 251, 15.7.2021, p. 48, ELI: <http://data.europa.eu/eli/reg/2021/1148/oj>).

² Article 25 of Regulation (EU) No 2021/1148

³ Iceland, Kingdom of Norway, Confederation of Switzerland, Principality of Liechtenstein.

Consistency, complementarity and synergies will also be maintained with other relevant EU funds and programmes, including for instance with relevant actions of the Justice programme, Horizon 2020, Horizon Europe, the Asylum, Migration and Integration Fund (AMIF) or the Internal Security Fund (ISF). Moreover, in accordance with Articles 5(3) and 20 of the BMVI Regulation, actions in and in relation with third countries will be carried out in synergy and full coherence with the principles and general objectives of the Union's external action, its foreign policy and its international cooperation policy and their actions outside the Union supported from Union funds.

As regards actions in and in relation to third countries, the Commission and the Member States, together with the European External Action Service, will, in accordance with their respective responsibilities, ensure coordination with relevant Union policies, strategies and instruments. They should, in particular, ensure that actions in and in relation to third countries:

- are carried out in synergy and in coherence with other actions outside the Union supported through other Union instruments;
- are coherent with external Union policy, respect the principle of policy coherence for development and are consistent with the strategic programming documents for the region or country in question;

Objectives pursued

The general objective is to ensure strong and effective European integrated border management at the external borders, with a view to managing those borders efficiently in full compliance with fundamental rights, thereby contributing to ensuring a high level of internal security within the Union, while safeguarding the free movement of persons within it and fully respecting the relevant Union *acquis* and the international obligations of the Union and the Member States arising from the international instruments to which they are party.

Expected results

The work programme, via the support provided from the thematic facility, will contribute to addressing the challenges and needs involved in meeting the objectives of the BMVI and more specifically will contribute to

1. support effective European integrated border management at the external borders, implemented by the European Border and Coast Guard as a shared responsibility of the European Border and Coast Guard Agency and the national authorities responsible for border management, to facilitate legitimate border crossings, to prevent and detect irregular immigration and cross-border crime and to effectively manage migratory flows;
2. support the common visa policy to ensure a harmonised approach with regard to the issuance of visas and to facilitate legitimate travel, while helping to prevent migratory and security risks.

Climate and biodiversity mainstreaming

The BMVI should support activities that respect the climate and environmental standards and priorities of the Union and would do no significant harm to environmental objectives within the meaning of Article 17 of Regulation (EU) 2020/852 of the European Parliament and of the Council⁴.

⁴ Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment, and amending Regulation (EU) 2019/2088 (OJ L 198, 22.6.2020, p. 13, <http://data.europa.eu/eli/reg/2020/852/oj>).

2. GRANTS

The global budgetary envelope reserved for grants under this work programme is EUR 90 554 735,31.

2.1. Direct award - Pilot projects for Digitalisation of travel documents travel facilitation, and residence permits

Type of applicants targeted by the direct award

Applicants will be public authorities.

Description of the activities to be funded by the grant awarded without a call for proposals on the basis of Article 195 of Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council⁵ (hereafter the ‘Financial Regulation’)

This action includes two components:

1. a pilot project for digitalisation of travel documents and travel facilitation, and
2. a pilot project digitalisation of residence permits, as by 2024 they may be included in the Visa Information System.

These real-life situation pilot projects will deliver proof of concept on digitalisation of travel documents and travel facilitations that could be replicated on an EU wide scale.

Member States will be invited to carry out pilot projects on issuing and verifying digital travel documents to facilitate border controls at airports and land and sea borders. An expert group, setting out the required specifications based on the ICAO Digital Travel Credentials (DTC), will select the best-qualified Member States.

The Member States awarded with a grant will share the results of the pilot projects with all other Member States. The pilot project will inform efforts of other Member States to update their own infrastructure, technological capabilities and processes and should inform the legislative process on digitalising travel documents.

Implementation

The action will be implemented directly by Directorate-General for Migration and Home Affairs (DG HOME).

2.2. Direct award – support to Liechtenstein under the BMVI Regulation

Type of applicants targeted

Applicants will be public authorities that are responsible for the implementation of the Schengen *acquis* on borders and visa such as the National Police and the Migration and Passport Office as well as departments responsible for EU IT systems relevant for Schengen such as the Office for Information Technology.

⁵ Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012 (OJ L 193, 30.7.2018, p. 1, ELI: <http://data.europa.eu/eli/reg/2018/1046/oj>).

Description of the activities to be funded by the grant awarded without a call for proposals on the basis of Article 195 of the Financial Regulation

Article 7(6) of the BMVI Regulation provides that arrangements should be made to specify the nature and modes of the participation in the Instrument of countries associated with the implementation, application and development of the Schengen *acquis*, in accordance with the relevant provisions of the respective association agreements.

On 21 February 2022, the Council authorised the Commission to open negotiations⁶ with Iceland, the Kingdom of Norway, the Swiss Confederation and the Principality of Liechtenstein for the agreements on the financial contributions of the associated countries and the supplementary rules necessary for their participation.

The negotiations with all the associated countries were successfully concluded by the initialling of the respective supplementary agreements⁷.

On 28 November 2023, the supplementary agreement with the Principality of Liechtenstein was signed, subject to its conclusion at a later date, and has been provisionally applied since 29 November 2023¹⁰. The agreement entered into force on 1 May 2024, after the completion of the necessary procedures¹¹.

In the light of the specific situation of the external border of the Principality of Liechtenstein, the size of its allocation and the administrative burden of implementing a programme under the Common Provisions Regulation, it is more appropriate to envisage support for actions to ensure compliance with the Schengen *acquis* through grants for the period 2021–2027.

The Principality of Liechtenstein will be invited to present applications for grants.

Description of the activities to be funded under the direct award

⁶ Council Decision (EU) 2022/442 of 21 February 2022 authorising the opening of negotiations with Iceland, the Kingdom of Norway, the Swiss Confederation and the Principality of Liechtenstein with a view to concluding agreements between the European Union and those countries on supplementary rules in relation to the Instrument for Financial Support for Border Management and Visa Policy, as part of the Integrated Border Management Fund (OJ L 90, 18.3.2022, p.116, ELI: <http://data.europa.eu/eli/dec/2022/442/oj>).

⁷ On 14 February 2023, the initialling of the agreements with Iceland, Kingdom of Norway and the Swiss Confederation took place. On 16 June 2023, the initialling of the agreement with the Principality of Liechtenstein took place.

6.1. Service-level agreement in the form of an administrative agreement with the JRC on support for the development of a verification App for Visible Digital Seal (VDS) and the Schengen Masterlist

Indicative amount

EUR 500 000

Description

The European Commission Joint Research Centre (JRC) has already developed a test application for the verification of the Visible Digital Seal on the visa sticker.

With the new Pact on Migration and Asylum, and in particular the digitalisation of the visa procedure, it is essential to develop and make available a production application for the reading and validation of digital visas. Member States (e.g. border authorities, law enforcement authorities) as well as third parties (carriers, accommodation providers etc.) will benefit from this common application enabling them to verify the authenticity and integrity of digital visas.

Under this new service-level agreement in the form of an administrative agreement, the JRC will support the definition of the specifications and the verification of the development of this mobile application for live implementation of the Visible Digital Seal (digital visa). It will also support activities related to the management of the digital certificates (Schengen Masterlist) and the standardisation work around the digitalisation of travel documents.
